PRESIDENT'S REPORT by Dick Berry

Well folks, here it is August already. This summer (if you can call it that) is flying by. I hope you are enjoying the racing season so far. I certainly am. Tim Schmitt has done a great job driving the BRE- "Uncle Bud # 91 Chevelle" for me. With some really good runs, and top 5 finishes. We're now 5th in points, at Barberton, with Jeff Mundell 14 points behind us in 6th, and breathin down our neck. I don't know why it is, the student always wants to be better than the teacher. He should leave us old guys alone. Quit pickin on us.

The Club nights are flying by as well as the days of summer. Today's the 7th of August. Jim Balentine Jr's going to be out of town for the weekend so I have a couple blank pages to fill. You know me, I never run outa material when it comes to my beloved racing. And you know what I like best, racing people. We really got beat-up on by bad weather this year on Club Nights. Lotsa rain-outs. August is all filled up at this point. In the month of August we had 7 Club nights alone. Last weekend, all 3 nights were Club nights, somewhere. Friday RW-7, Sat Lorain, & Sunday Tri City, with a picnic before the races, thanks to Jack Coley. Plus the folks who helped out there with him. Jack hardly ever misses his beloved Lernerville, and he was there Friday night. But, that was okay, because our Senior Board member Jim Balentine, and his son Jim Jr, both work at Raceway 7, which is where our Club Night was on Friday. So they took the plaques & good will to our friends at Raceway 7. Then on Saturday night Jack traveled to Lorain County Speedway for our Club night there. Sunday he took the picnic to Tri-City, and cooked for it. Here's his report;

Dick, I would like to thank Gene Leamer for helping me out at the picnic and presenting the plaques. It was a big help to me. Boley, too. We had about 50 people at the picnic, and we had a 50/50 raffle collected by Gene Leamer that made the Club \$41.00. The 50/50 was won by Tim Riley. Please see to it that this gets in the newsletter.

Thanks, Jack.

Folks, we owe so many members a debt of gratitude. They make sure we have a representative at the various Club nights. I'm sorry people. I have a race car that is racing weekly at an area track, and it may sound selfish, but if I feel up to going anywhere, I want to go to the track where my car is racing. And I can pull into the pits, with my golf cart behind me, unload and ride around on my golf cart all evening. Some tracks won't allow me to do that. I was forbidden entry already this year at a track. I can't walk or stand more than a couple minutes, so I do what I can to be there to watch my car race.

God Bless the devoted individuals who help with the job of covering the Club nights. And there aren't any of them getting any younger. Nor am I. I may not have anymore years to be a car owner, or be involved in racing this way, so I'm enjoying it.

If I have anything to do with it, next year maybe we'll cut back greatly on Club Nights. And if we don't have someone in place by mid-March who has volunteered to represent us at a certain area track, we won't get a Club Night there. Change is in order, it shouldn't just be the responsibility of Club Officers to be at all the Club Nights.

WHOA! What's that there PREZ! You wanna cut them back. Well that's the only reason I joined!!! Yup, sorry bout that. Then maybe it's time more people step up to pitch in. Help out some. I asked all spring for volunteers to be presenters. Wanna know how many new people I heard from? No you don't. I could count them on one hand. That's shameful out of a membership of almost 700. But, thank God for the "Old Faithful's", who got all the tracks covered so far for us. In the past the Presidents have spoiled us, also. They did it all. And we let them. They did all the running for us, I know, I was President in the early 80's. But going to all the Club Nights back then wasn't a problem, I could walk back then. (SIGH).

Incidentally, we now have a Club Night at Barberton Speedway. It's on the 29th of Aug. Also, while I'm reminding you of things, we're having our 3rd CAR SHOW at Serrecchio's Restaurant. It will be on August 23rd, from noon to 4pm. Cmon out, bring a car to show. We park them out front & just hang around and mingle. Last time, I ate breakfast, and visited mostly. Drank a gallon of coffee! Maybe I'll show off my newly acquired motorhome,,,lol. It's a dandy. See you at the meeting on the 18th.

Your Prez, Dick Berry.

CHAPLAINS THOUGHTS & PRAYERS by Racing Chaplain Bill Beck

There is usually more to success than meets the eye I will try to tell you my thoughts and welcome you to add your own.

The first is the dream if you will put on your thinking cap you will be able to recall many success stories and if I can add the phrase used so many times he or she is living the dream and that is wonderful now lets look at the other parts that allowed the dream to come true.

Dreams as we all know exist in our sleep that is fine but how many championships have been won by just dreaming?

The reality is now that I know of I do recall many fulfilled dreams and if we look closer we will find they have been possible through hard work sweat failure and starting over again and again.

I will not attempt to name all the dreams that have come true for others but I can tell you my dream come true, my dream started when I was very young it is not yet complete but getting closer all the time , what is your dream you?

This is where I will most likely lose some of you I hope not but if you choose to tune me out it will not alter my dream but could have much effect on yours.

My dream has very little to do with racing even though racing is one of my biggest passions but it is far behind my biggest you ask what can be bigger than racing or whatever you strive for, music , money, business, the list goes on and on.

Number one should be your relationship with Jesus knowing that and doing what it takes are two different things it has taken me almost 72 years to get it almost right.

Like any other dream it will take effort to achieve victory and many failures along the way I have had many on my quest but know that by his grace I will make it if I continue to strive for my dream to come true.

In no way do I suggest that we have to do works to go to heaven when we die salvation is free and was paid for when Jesus died on the cross but the bible says we must work out our salvation with fear and trembling that is what I have been doing all my life and that means repenting from our sin when we need to .

PREZ ADGENDA August - 2009;

Well let me see. Russ & Pat Miner have still covered several Club nights for us, in spite of them choosing to cut back a little on their involvement in the Club, to allow them some time to relax a bit. I thank them greatly for their time. They still have volunteered to help out enough to have seriously cut into their free time. Members who have devoted years to our Club.

Jack Coley, in spite of being treated for prostate cancer, and severe arthritis runs his tail off handling our financial business, banking, cooking at both our summer picnic meeting, and picnic at Tri City, bringing mailers to lickem & stickem, then taking newsletters to the post office on Tuesday morning after lickem & stickem. He runs to the postal sort place for labels. Types reports for his & Jean's reports, always brings something delicious to pot luck at lickem & stickem. Plus covers a bunch of Club Nights, when there's no one to be there. More members who have devoted years of their time, in service to Twin State.

Between Gwen Crum, And Jim Balentine Sr, I don't know which of these two folks has more written material as concerned with the facts, & past history of our Club. If you want to know what has happened in our past, either one would be the place to start. A virtual book of knowledge of Twin State, because of their involvement to Twin State.

Jim Balentine Jr, Newsletter Editor, Rich Berry Webmaster, grew up in this Club. Rich's wife Chris, another racing brat, Chris's Dad Bucky DeGennaro was an official at area speedways for,,,just forever. Rich Jr, and Jim Jr grew up in the shadow of their very active fathers within our organization. Jim Sr. has probably been the most active member in the history of our Club, as he was seldom ever not an officer down through the years. Myself, I've had the honor of probably being one of the most decorated members of Twin State. Four times I got the Good Guy Award, plus once the "Bud Crum" Good Guy Award, also a winner of the "Findlay Sportsmanship Award" in 1975, it's 3rd year of being presented. That was truly an honor. Jim Balentine is going to plan another Oldtimers get together for the early spring, so he's not done yet working on our behalf. Gene Leamer, who was Club President for like 8, or 11 years, still helps out whenever we need him, plus makes arrangements for the Lordstown Admin. Bldg for our special meetings, and still takes awards to area tracks for us.

Brett McCall, & wife Francey are also very devoted and dependable members of our Club. Maybe they haven't been around for hundreds of years, like some of us have, but have been a great help in the time they've been here. Francey's a little high strung, & ya have to calm her down at times, but has a good heart, & works diligently for our Club. And Brett, good Lord! What would we do without him. He's so devoted to our Car Show, and has now done a booth at the Trumbull Cty Fair, with the help of Vicki Emig, Mercer Raceway Park owner, to bring exposure to our Club, with Mercers involvement, and to bring exposure to our Sport. It's badly needed at this time. You can't see stock cars at local gas stations all over town, like I did when I was a kid. The younger folks don't have anything to relate to. Cars being built by computers all look the same! So, since our objective as an entity is to promote the sport of auto racing, how can we effectively do that? What about if we lobby Promoters to try to come up with classes that are cheap to build, and inexpensive to race? Promoters have done that for years now. I wish there were a simple solution. Truth is, interest is fading on a local level. Is there any way we can help? Wish I knew.

PAGE 7 - PREZ ADGENDA AUGUST 2009. – Continued from Page 6.

There are so many members who are on the sidelines, but yet never fail to help out when needed. Alice White, Chuck Horne, Sam Ritenour, my Wife & Daughter, there are so many I couldn't name them all. What about all the Fuller family has done for us. We had our lickem & stickem's at their shop for years. Geez, there's so many people who have been, and still are instrumental in the success of our Club. I thank you all, even if I didn't put your name in here. You guys make our Club run, and do a fine job. Thanks ever so much. You know who you are.

Do you know what time it is??? It's time to be thinking of who you're going to vote for for Twin State's Awards. Voting starts in 2 months. The Banquet's not that far off. We'll be looking for donations for door prizes soon. Nominations for Officers is coming up soon, too. Anyone thinking of running for President? If you do, I'll help all I can. You don't need me as your Prez. There's got to be some young, energetic person that could step up and represent us. It could be a woman too, there ladies. We had a woman Prez before. Nothing says it has to be a man. Like I said, I'll help in any way I can to help you learn what all it entails. So jump in! The water's fine.

The meeting's on the 18th this month. And at last months meeting we decided to have another Car Show at Serrecchio's Restaurant. The summer's winding down, and Carol tells me they're making some changes to spruce up the place, and Mike has told me on several occasions, if there's anything that they can do for us, just ask. If it's possible to help, they will. He said we're Family. That's cool.

They surely treat us good when we're there. But, the Car Show will be on Sunday the 23rd, from noon to 4pm. I should make it from noon to 3pm, that's usually when everybody starts straying off, in different directions. It would be nice if some of the tracks would bring their Pace Cars over that day to display. No entry, awards or anything, just fellowship with the "Good Guys" from BRE racing. Tim Schmitt, Jeff Mundell, Sam Ritenour, & Steve Horkey, and of course the elder statesman of the group, me. Hopefully we'll have 100% BRE attendance.

We recently decided to buy hats from Hodge Embroidery, on the westside of Youngstown. Right up over the hill from Jack Coley. You can place orders for Twin State clothing with him also, if you like. I doubt that he has a complete price list, yet, but I'm sure he can get prices. Or call Hodge, ask for C.J, tell her you're Twin State, and price your stuff directly with them.

Well folks, in this agenda, I tried to thank some folks for their service to our Club, get everyone up to speed on what's going on at this time of the year within our organization, and be informative. Hope I've done some of that. In the middle of summer folks get busy doing yard work, mowing and such, and meeting attendance drops significantly. Not this year, however. We had 31 at the July meeting, that's very good. People, I really really appreciate your attendance at the meetings. I was sorry that Lernerville got rained out last month, but was thrilled that it meant Brother Bill Beck was available to join us at the meeting. He's always a welcome addition to our group. And we love having him.

I really hope I've passed on some credit where was due here, within our ranks. And to those of you that only join for the free nights, on your behalf I thank all our area Race Tracks, & Promoters who so graciously donate a night for all our members to join you. I can only hope that our gang buys bouque hot dogs, burgers, fries, and drinks gallons of pop. We appreciate being with you.

Remember the meeting's on the 18th.

Your Prez, Dick Berry.
