PRESIDENT'S REPORT by Ed Miller

Hi Yinz, here we are with about 3 or 4 weeks to go in the regular racing season, and it seems it just started. With all the rain and such it just shortened everything up. Now when it quits raining, we get the heat and humidity. Welcome to Ohio!

For anyone who missed the 40th anniversary, you sure missed a nice night. Well that was until the rains came, which were not even forecasted. There we were, standing on the front stretch and boy did it cut loose. It just figures! But how nice it was to see many guys who I hadn't seen in years. Tom Jarrett probably hadn't been there since the mid eighties. I know that Tom Johnson hadn't either. But drivers such as Gary Hazzard, Sherm Clark, Tim Henrich, Dave Yobe, Charlie Chappell, (aka Charlie Brown) Bob Kraus, Dave Daniels Tom Miller, Jack Andrew, Don & Gary Hoover, etc., etc., it was a great night! Even former car owner Bob "Wally" Brockett and Raceway 7's golden lady, Cora Arkkelin was there. I hope this also can be a yearly event. And oh by the way, Mr. Vice-President, Gary Hoover was still looking for you for spinning him at Hickory.....JUST KIDDING!!!

There never seems to be a month that goes by that we don't lose somebody in the racing community. We lost Don Luffy's widow, Lois, & just got word today of the passing of John Flinner's mother Jackie. Our sympathies and prayers certainly go out to them.

At Sharon last night, I got to have a nice conversation with Dick Heberling, who was the last person to own the famous Emig Crown Victoria. His kids now race a 4cyl., which carries the white and red scheme with the #1. I had to remind him of how he acquired the nickname "Farmdale Charlie". He mysteriously seemed to forget about that for a few moments and then gave in. It was a legendary story and and cost a few mailboxes. I will leave it at that. Some things are better left unsaid!

Last night reminded me of one of my pet peeves, so here I go on my soapbox. When did we seem to get away from racing beginning at the start-finish line. It sure ends there! I wish when there are single file restarts, they would stay in line, thus starting at the line. As much as I complain about NASCAR from time to time, they have this deal right, in my opinion. This cone stuff never really appealed to me, and last night didn't change my mind. I don't mean to upset anyone, I just don't want to see anyone hurt. I could have easily happened last night. I won't dwell on it any further. Sorry for the rant.

Remember next week is the Phil Wertz Memorial at Deerfield. Just mentioning his name brings back so many memories, and everybody has countless stories about "The Legend of Canfield Speedway." When just driving through Canfield, it just doesn't seem right not seeing him standing in the parking lot with the 'ol stogie at attention. So if attending, just look for the familiar orange #98, with the trademark Cookie Monster on it. He will be there in spirit, trust me!

Try to attend our next meeting at Yankee Kitchen. Our first time there last month went pretty well. We worked the waitress out very hard, but she did a good job. I think they were surprised at the number of members that showed up. The food was real good also, so I think we are set on a location for a while. While attending we will be discussing our Hall of Fame nominations. Get your thoughts in line, and let's discuss them. We may even get some free ice cream again.

Well, that is all for this month. See you at the races. Probably late as usual, but see you at the races!

Hi Folks. It's Dick Berry. We have an open page here at the last minute,,, and far be it from me to waste paper. I hope the racing season is going well for you all. We're having a great time,,,me and my big sister, Mother Crum. I'll talk a little bit, and reminisce a little bit for your reading pleasure, or displeasure, whatever. I'm just a filler here at this late date. Tomorrow's lickem & stickem and I'll be darned if I'll send out an empty page about the sport I love so much. Someone recently questioned my love for racing because of something I said that rearranged their thoughts about my dedication to racing. I laughed out loud. After 42 years of having a race car, and the hard work, dedication, and expense, not to mention the sacrifices made to afford having a race car all those years. All I can say is try it. Some don't last 4 years, let alone 40. And there are no losers in racing. You'll run across some that are highly,,,let us just say "different". But all in all, they're a great bunch. You can only be a loser if you let yourself be one. They're just competitors.

Heres the winners from Eriez Club Night; Plaques went to Mike Knight-Late Models. Rich Garner – E Mods. Chris Ottaway – Limited Lates. Joey Fenno – Sportsmans. Greg Fenno – Street Stocks. Last was Josh Hebner for the Challenger Division.

Plaque Presenters were Bob McCracken, Derek Fox, and Jack Coley.

Thanks to All involved in our Club nights.

Don't forget we can now get Twin State Jackets. \$40 for regular sizes, and \$45 for the sizes up to 2XL. Contact Jack to put in orders, we have to buy 12 in our first order, so put in your order now. I'd love to get one, but they don't have them in jumbo size. Mine would be \$60.

Keep in mind that we now have a new "Official Address", for all Club Business and Renewals, it's;

Twin State Auto Racing Club • P.O. Box 2351 • Youngstown, Ohio. 44509

The problems with lost renewals, and communications will be alleviated by this new venue it is hoped. Use this address from now on, even if your letter will go to another officer, the Club will see that it gets directed to the proper person. Thank You.

Also, This From Sis King; Charity Function on August 14th.

Ed, Can you get a hold of a few of the twin state guys to see if they want to take a few cars to ponderosa restaurant on Elm rd in Warren 10% of the proceeds will go to 3 charities TNR, Cars R people & Friends for Paws.....I was going but now have a BRP show at Mercer we must attend

Thanks For your help. xoxooxoxo — Sis

I would imagine for times, or info you can contact Sis at KINGSIS65@aol.com . But we wanted to pass that along to any of you that might be interested.

We, Jeff & I have been racing at Barberton. After a pretty bad crash there I recently decided to try something different. When we got the new rear section built we headed to Lorain County Speedway, besides it was Club Night. I was hoping to get some Twin State bonus bucks. Well sir, even before we got off the Pike, Jeff called to say the power steering broke. They put a loop in the hose and decided to run without power assist. Then before the heat gear lube was discovered leaking from a broken tranny case. Ok, the welder was called into action, & repairs made. Jeff started last in the heat, & feature and finished 4th in both. Not bad 1st time there, but nowhere close to the bonus bucks from TS I was hoping for. Last Saturday, Jeff & Mr Christy Sr, and little Boo, were at the track way before Mother Crum & I. Then I get a call on the Pike, again. Awe Man! We broke a driveshaft. It's hard to contain that Christy power, I tell ya. Anyhow, we get off at Rt 8, make a U turn, and get back on at rt 8. We headed to Sharon Speedway & got there at 6:20pm. We only missed a few heats. It was the Kirila Memorial night, sponsored by Quaker Steak & Lube. The races were exciting, and Gwen & I had a good evening watching the boys throw some dirt. It was a real treat to see something a little different from what I'd been watching this summer so far. Nice job folks. But this amazed me. The Lorain track gave my guys free entry to next weeks race, since we broke. They knew we came from a long distance, and it was a really nice gesture on their (the Management @ Lorain) part to do that. You don't find that anymore.

Incidentally, the BRE Uncle Bud #91 will be competing in the 100 lap Street Stock Nationals Sunday Sept 5th, at Lorain Cty Speedway. Club members in action, wish us well Folks.

Please remember the Phil Wertz Memorial next weekend, at Deerfield Speedway. I still think sometimes maybe I'll stop out to see him. But,,,alas, I know that's not possible anymore. I'll forever miss the cigar smoke filled great racing stories shared with my friend, as I watch him nurture the stub of a stogie till it practically burns his lips, lol. I surely do miss him. Phil's daughter Terri will be taking over our website as soon as we can make all the necessary arrangements. We welcome her involvement, and thank Rich Berry for his help these past years with the website.

The Yankee Kitchen was really nice. They were very gracious, and the food was excellent. The meetings the 17th this month. Come on out, & give them a try. The Yankee Kitchen on Market Street.

See ya there. God bless our Sport & those in it. Don't forget the Hayride in October.

Dick Berry Vice President.
